

## ISO 9001 Lead Auditor: Quality Management

Date and duration
<p>Training code : ISO9001LA-EN          Duration : 4,5 days          Nombre d'heures : 31 heures</p>
Training with certification
<p>PECB ISO 9001 certification : quality Management</p>
Body
<p>ISO 9001 is the <b>first international standard dedicated to management systems</b>. Its requirements primarily focus on the implementation, operation, maintenance, and continuous improvement of a Quality Management System (QMS) within an organization. Based on seven quality management principles, <b>ISO 9001:2015</b> aims to help companies improve efficiency and strengthen the level of service delivered to their customers.</p> <p>This ISO 9001 Lead Auditor training equips you with the <b>skills required to conduct audits of Quality Management Systems (QMS)</b>. Throughout the course, you will cover the fundamentals before moving on to planning and conducting audits in line with ISO 9001 requirements. Practical exercises will be included to explore auditing best practices, <b>managing an audit program</b>, leading an audit team, communicating with clients, and handling conflicts.</p> <p>At the end of this program, you will be fully prepared to take the official <b>ISO 9001 Lead Auditor exam</b>. Successfully passing the exam allows you to earn one of the four PECB ISO 9001 Lead Auditor certifications. Becoming certified demonstrates that you possess the practical knowledge and technical skills required to carry out <b>ISO 9001-compliant QMS audits within an organization</b>.</p>
Objectifs
<p>At the end of the ISO 9001 Lead Auditor training, you will be able to:</p> <ul style="list-style-type: none"> <li>• Understand the basic principles of a QMS that meets ISO 9001 requirements;</li> <li>• Describe the correlations between ISO 9001:2015 and ISO 9004:2018 standards, as well as other relevant regulations;</li> <li>• Identify the key responsibilities of an auditor: planning, execution, reporting, and follow-up of a QMS audit according to ISO 9001;</li> <li>• Conduct a quality audit and manage an audit team;</li> <li>• Describe the requirements of ISO 9001:2015 within the framework of a QMS audit;</li> <li>• Successfully pass the ISO 9001 Lead Auditor exam and obtain your PECB Certified ISO 9001 Lead Auditor credential.</li> </ul>
Points forts
<p>Hands-on practical exercises based on real-life case studies with a 450-page training manual; 31 CPD credits; PECB certification exam included in the training fee; In case of failure, you can retake the exam once free of charge within 12 months.</p>

## Certification

During the training, you will receive a coupon code that allows you to schedule the exam at the date and time of your choice. The exam is in multiple-choice format. The **PECB Certified ISO 9001 Lead Auditor** exam is fully aligned with the requirements of the PECB Examination and Certification Program. It is taken online and covers the following competency domains:

- The fundamental principles and concepts of a QMS (Quality Management System)
- The Quality Management System (QMS) itself
- The fundamental principles and concepts of auditing
- The preparation, execution, and closing of an ISO 9001 audit
- The management of an ISO 9001 audit program

After successfully passing this **3-hour exam, available in both English and French**, you will be eligible to apply for one of the following certifications depending on your professional experience:
