

## Professional Scrum Product Owner™ Advanced (PSPO II)

Date and duration
Training code : PSPO2-EN Duration : 2 days Nombre d'heures : 14 heures
Training with certification
Professional Scrum Product Owner™ (PSPO)
<p>Body</p> <p>The Professional Scrum Product Owner (PSPO II) training is an advanced course designed for professionals who want to deepen their knowledge and skills in product <b>management within an agile environment</b>. It is aimed at Scrum practitioners who already have a solid understanding of the Product Owner role and who wish to master the more complex and strategic aspects of this key position.</p> <p>The PSPO II program goes beyond the basics, covering the <b>advanced role of the Product Owner, agile product management</b>, backlog management, agile organization, and scaling. It also explores advanced topics through interactive modules and practical case studies. In addition, these <b>Scrum courses</b> provide a unique opportunity to share experiences, discuss <b>real-world challenges, and work on concrete solutions</b> with the guidance of an experienced trainer.</p> <p>At the end of the training, you will also be prepared to take the <b>Professional Scrum Product Owner II (PSPO II) certification exam</b>. Recognized worldwide, this exam validates your advanced level of expertise as a Product Owner. (See more in the Certification tab).</p>
Objectifs
<p>By the end of this <b>PSPO II training</b>, you will be able to:</p> <ul style="list-style-type: none"><li>• Deepen your understanding of Scrum principles and the Product Owner role in order to tackle daily challenges effectively.</li><li>• Gain knowledge of complementary modern practices to Scrum and learn how to apply them in complex situations.</li><li>• Fully understand the concept of agile product management.</li><li>• Identify the different types of stakeholders and adopt the best approaches to work effectively with them.</li><li>• Develop both human and technical skills to strengthen your effectiveness as a Product Owner.</li><li>• Be fully prepared to sit for the official Professional Scrum Product Owner™ II (PSPO II) certification exam.</li></ul>
Points forts
A certified PSPO trainer; the Scrum and Nexus Guide available in English or French; practical workshops; a mock exam; and the official Professional Scrum Product Owner™ (PSPO II) certification exam included in our offer.
Certification
<p><i>This training is designed to prepare you for the Professional Scrum Product Owner™ (PSPO II) certification.</i></p>

Issued by Scrum.org, this certification validates your **advanced skills as a Scrum Product Owner** in applying the Scrum framework, managing products within Scrum, and delivering valuable products.

## **PSPO II Exam Information:**

- Format: Online, in English only (you may take it on the last day of training or later).
- Questions: 40 multiple-choice questions.
- Duration: 90 minutes.
- Passing score: At least 34 correct answers (85%).

Upon passing the test, you will receive your **Professional Scrum Product Owner™ PSPO II certification, valid for life**, along with a digital badge that you can showcase as proof of your achievement. In addition, your **professional profile will be listed on Scrum.org** to ensure the authenticity of your certification.
